DR. ROSS would respectfully invite the attention of the public to a NEW AND IMPROVED METHOD OF INSERTING ARTIFICIAL TREETH, upon which he has been for some time practicing with great success.

The improvement consists in the teeth being arranged upon a plate of pure platinum, and by means of a silicious compound the teeth and plate are cemented firmly together, leaving no interstices for the lodgment or secretion of food; at the same time forming an artificial gum beautiful and life-like in appearance, and which is represented on the inside of the teeth as well as out.

Those interested are invited to call and examine specimens of this improved method at his operating rooms, No. 57, up stairs, College st.

I subjoin the certificate of Prof. M. Gammar, of Memphis, Tonn., with whom I often advised during the time of my suffering.

Mempais, Tenu., April 17, 1852.

I hereby certify that I have been acquainted with Dr. J. N. Bledsee and some years ago he was reduced I ost eve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

Physicians are requested to try this proparation. We feel satisfied it will sustain the character we give to it in this publication. Herseville, January 12, 1852. Dr. Birnsor:—I take the liberty and fell it to Le my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery. I concluded to try your Alterative, two bottles of which, I believe,

entirely cured him. MICAJAH CAYCE. Hunraville, Oct. 17, 1854.

Dr. Blarsor.—Some time has einpsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from discusses of the liver and dyspepsia.

N. B. ROBERTSON. HUNTSVILLE, Oct. 17, 1854.

HENTSVILLE, Sept. 29, 1851.

Du. Bendson-Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colle, in its worst form; that I had tried almost every thing that is given by playsicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.

WM. B. LLOYD.

General Country, Tenn., Dec. 23, 1851.

Dr. Berdson:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved ms, so that I have not had cause to take anything in two months. I can est anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend. ELIZABETH J. HARWOOD.

Henrsvinez, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoc's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance.

JOSEPH CAROTHERS.

Howsville, Ala., March 3, 1852. Dr. Branson -- Sra: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced tak-ing your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did.

been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw, he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was theroughly cared, and for seven months past has enjoyed robust health.

I have used the Ointment in a number of cases of Piles, and in no case has it failed of greing immediate relief and generally a permanent own. I have also used it beneficially in severe cases of Ery-sipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone! From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever of-

THE GRAFFENBERG COMPANY-Takes this 1 carly opportunity of acknowledging the great compli-ment paid to their Medicines by the TENNESSEE STATE MEDICAL SOCIETY in their resolution of May 5th. The grounds are precisely the same.

If Doctors were always intallible, there might be some justice in legislative acts to compel the public to apply to them universally, but unfortunately we have before as the Crescent City paper of the 3d of September, from which we

ent City paper of the 3d of September, from which we learn that 90 OUT OF EVERY 100 CASES OF YELLOW FEVER treated scientifically by the faculty have died, and 98 cases of every 100 treated by old romen, the non-medical members of the How

Such statements as the above are injurious to the profession, for people are essily led estray, and may be induced to attach less value to Latin prescriptions and expusive Hiroglyphics, and occasionally trust to the dogmas of common sense, laid down in plain English, to the oraclenberg Medicines, which are warranted to do no harm, and for which no money is exacted if they do not prove beachead. It is well known that the Dysentery Syrup and the Childrens' Panacea of the Grafenberg Company, have, in two years past saved 20,000 lives, from Flux and Dysentery when all other remedies had failed.

But it seems that the objection to these remedies is that "it is an attempt to send forth medicines without the presence of the Doctor"—who is thus deprived of the proper degree of aid and comfort that he should receive for furnishing the proscription, "Hine illaw luckrymus." The Boctor and the medicine should go together, the Medical Society have so willed it, let no quack put them asunder.

JEW DAVID'S OR HERREW PLASTER IN NORTH Massas. Scovit. & Muan; —I have been troubled with the MESSES. SCOVIL & MIRAD:—I have been troubled with the chronic riseumatism for the last twelve years. On the list of ruly 1849, I was so bed that I could not turn myself in best, and the pain so severe that I had not slept a wink for six day. At this time my attending Physician prescribed the "Hebres Plaster," and it acted like a charm, the pain left me and slept more than half of the night, and in three days I was able to ride out. I consider the "Hebrew Plaster" the best remedy for all sorts of pains now in use.
